

# Take collaboration where it has never gone before

Introducing **SMART Meeting Pro™ 1.0**  
(Personal Edition) software – the easy  
way to extend collaboration beyond the  
meeting room.

- ✓ Save time by preparing discussion points and ideas before meetings
- ✓ Keep collaboration going by viewing and editing files created during group sessions
- ✓ Use the software on both Windows® and Mac computers
- ✓ Work anywhere – no need to be connected to a SMART Board® interactive display

For more information, contact your SMART representative or authorized reseller.
