SMART Board® 8000 series interactive flat panels
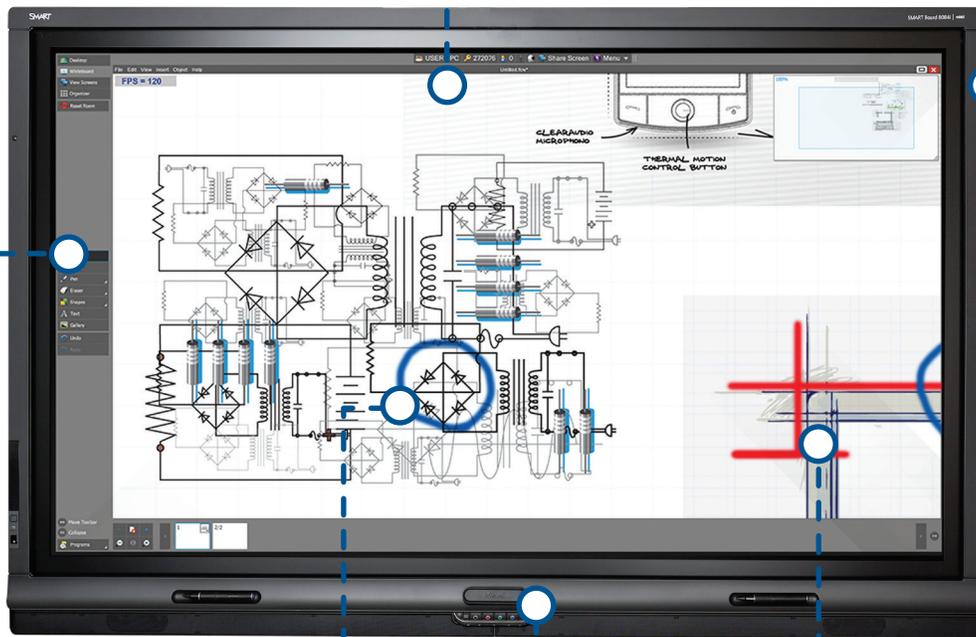

SMART.
Inspired Collaboration™

The 8000 series are e-LED LCD flat panel displays that range in size to accommodate any collaboration environment and include a premium interactive experience. Their stunning visuals offer the richest experience to create, share and interact with digital content.

Touch-enabled, e-LED LCD display
A durable, high quality display that uses smooth, anti-glare glass to create an optimal touch experience. 4K ultra HD resolution is available with the 8084i model.

Presence detection
The display automatically turns on when people are near and turns off when no movement is detected.

Touch gestures
Zoom, flick and rotate objects easily – the 8000 series supports touch gestures like those used in the Microsoft Windows 7 operating system.

SMART Meeting Pro 4.0 software (included)
This powerful software enables you to collaborate in the 4th dimension by interacting with digital content. You can also work in the Unbound Workspace, a virtually unlimited collaboration workspace that makes it easy to work with large amounts of visual data.

SMART Ink 1.5
SMART Ink automatically enables you to write in any application window.

Multi-tool, multi-touch
Work naturally by using touch gestures to write and manipulate content or simply pick up a pen or eraser. Two people can interact with content simultaneously.

Key Features

Touch-enabled e-LED LCD display
A durable, high quality display that uses smooth, anti-glare glass to create an optimal touch experience. 4K ultra HD resolution is available with the 8084i model.

Multi-tool, multi-touch
Work naturally by using touch gestures to write and manipulate content or simply pick up a pen or eraser. Two people can interact with content simultaneously.

Object awareness
Functionality automatically adjusts depending on the tool or object being used, whether it's a pen, finger, eraser or palm.

SMART Meeting Pro 4.0 software (included)
This productivity and collaboration software enables you to collaborate in the fourth dimension by working in the Unbound Workspace to create, share and interact with content.

Presence Detection
The display automatically turns on when people are near and turns off when no movement is detected.

Touch gestures
Zoom, flick and rotate objects easily – the 8000 series supports touch gestures like those used in the Microsoft Windows 7 operating system.

Support for Multiple Displays
Users can simultaneously write as well as share content and applications on up to 16 connected displays.

GoWire™ auto-launch cable accessory (included)
GoWire allows any computer to quickly connect to the display and access SMART Meeting Pro PE (Personal Edition) software.
